Annual Report

TOWN OF

RUTLAND

VERMONT

Year Ending December 31, 1975

ANDREW L. ORZEL

This year's Town Report is dedicated to Andrew L. Orzel in recognition of his outstanding service to the Town of Rutland.

Mr. Orzel has served in town offices for 44 consecutive years, first as Overseer of the Poor from 1932 to 1934. In 1934 he was elected to the office of Town Clerk and Treasurer, and has served in that capacity for 42 years. He also served as Town Representative and County Senator to Montpelier.

The Town of Rutland gratefully acknowledges the interest, efficiency and loyalty that "Andy" manifested these 44 years.

A NOTE OF APPRECIATION

To The Citizens of Rutland Town

This being my last report as Town Treasurer and Town Clerk. The first consecutive term which began on March 6, 1934 and will come to an end on March 2, 1976, a tenure of 42 years.

In addition during the big depression in 1932 and 1933, I served as Overseer of the Poor.

During these 44 years, I not only enjoyed my work, which I am sure I will miss, I received an education and knowledge of municipal government, which could not be purchased for any price. This experience and knowledge I have been able to share, not only with the officers of Rutland Town, but with officers of other municipalities.

A great deal of this knowledge and experience was due to the fact that the good people of Rutland Town and Rutland County honored me many times by electing me to serve them, in both the Vermont House and Senate during the winter months of 20 years. For this honor I am sincerely grateful and appreciative.

Above all I want to thank the people of Rutland Town for the faith, trust and confidence which they placed in me by electing me year after year to this long tenure. I shall always rememer you, who have made it possible.

Sincerely,

ANDREW L. ORZEL
Town Clerk & Treasurer

Chief, Town of Rutland
Fire Department

In Memory of

C. JOHN MORSE

Who passed away January 14, 1976

The people of Rutland Town will always remember the man who organized and got our Fire Department on its feet. As our first Chief, appointed by the Selectmen, he wasted no time getting things rolling. There was land to select and purchase, stations to be built, men to be trained and trucks to be bought. Many countless hours were spent getting the Fire Department ready to take over fire protection from the City on Oct. 1, 1968. Today we have a fine department that any Town would be proud of. We will always be grateful to Mr. Morse for all his efforts in getting us started.

Respectfully

JOHN E. DRINWATER
Chief, Town of Rutland
Fire Department

REPORT OF THE RUTLAND REGIONAL PLANNING COMMISSION FOR 1975

It is with pleasure that we submit the following report on the progress and accomplishments of the Rutland Regional Planning Commission during 1975.

1975 marked the first year the Commission operated under a new program policy. That policy, adopted in 1974, stated that in order to provide needed professional services to the residents and officials of the Rutland Region the Commission should expand its staff capabilities beyond land use planning and zoning activities. To achieve this policy the Commission has continued to provide assistance or has initiated new services in the following program areas:

TRANSPORTATION PLANNING

The Commission was involved in two transportation programs:

A. The "112" planning program made several communities in the Region eligible for 85% federal and state funding assistance for major highway projects.

B. The transit planning program—noted in last year's Town Report—resulted in nearly $80,000 being awarded to Rutland County to set up a bus system. The system is designed to serve all of the county's residents with special service for the elderly, handicapped and economically disadvantaged.

ECONOMIC DEVELOPMENT

The Commission participated in several activities to create more jobs in the region:

A. The Executive Director serves on the Steering Committee of the State Chamber of Commerce Green Mountain Industrial Tour. The tour brings in 30 industrialists from outside the state to see the advantages of locating or re-locating their plants in Vermont. The tour is conducted on an annual basis and selects representatives of firms with interest in expanding or moving their facilities and operations.

B. The Commission has taken the lead in organizing the Southern Vermont Economic Development District (SVEDD). Once created, all communities in Rutland County will be eligible for grants and low interest loans for public works projects that result in the creation of new jobs or the preservation of existing jobs. Local industries will also be eligible for low interest loans for plant expansions. Northern Vermont communities have benefited from this program for several years. It is the Commission's position that communities in the southern part of the state should also have these benefits.

C. A study was prepared identifying the need for a regional development authority to provide technical assistance to local industrial development efforts and industrial promotion services for the entire Rutland Region. The study is now being distributed to key officials in the region for further action.

HOUSING

The Commission prepared an application for 46 units of housing for the elderly and handicapped. The application was sponsored by the Downtown Development Corporation of Rutland. A recent study of housing prepared by the Commission indicated a need for this type of housing.

YOUTH SERVICES

The Commission created a committee to study the need for improved services for the youth of the county. A plan for improving those services will be developed.

RECREATION AND COMMUNITY DEVELOPMENT

Assistance was provided to member communities in preparing applications for state and federal recreation funds.

Assistance was provided to the Commission's membership in preparing applications for federal Community Development Funds. Resulting from this effort, $110,000 was awarded to one community in the Region. Applications are now being prepared for several communities for FY 77.

These are some of the highlights of last year's activities. In addition, the Commission (1) conducted a series of workshop sessions for local Zoning Administrators and members of Zoning Board of Adjustment; (2) provided technical assistance to local planning commissions on preparing town plans and zoning by-laws and adminstering zoning regulations, and (3) offered assistance to local officials in capital programming and budgeting.

For a more detailed description of the services provided your town we urge you contact your town's Regional Commissioner.

In these times of economic uncertainty we will continue to place special emphasis on economic planning and development to improve the regional economy; we will continue to provide assistance in capital programming to provide local officials with improved budgeting capabilities, and we will continue to provide up-to-date information to local officials so sound decisions can be made at the local level.

REPORT OF THE RECREATION COMMISSION — 1975

During the summer of 1975 the Selectmen appointed a study group to meet and assess strength and weakness of town recreation and draw up a plan to be incorporated with the work of the town Planning Commission.

This group met with Mr. Stephen Durkee, who had worked very closely with the Planning Commission concerning land use and other geographical information. In all, 12 meetings were held over the summer months and two representatives of the Vermont State Department of Forests and Parks, Recreation Division, were present at a number of these meetings.

The recommendations of this group were as follows:

1. A recreation plan be drawn up and attention be focused on short and long term goals in this area.
2. That an ordinance be established by the Selectmen creating a Recreation Commission of 7 members and outlining responsibilities in the area of Recreational Planning.
3. That this Commission work with local and state officials to fund a percentage of short and long term goals with (BOR) Bureau of Outdoor Recreation funds (state and federal).

These recommendations, having been given to the Selectmen, the committee's advisory role was ended.

The warning for the Recreation Ordinance was posted on November 25, 1975, a hearing was held on December 9, 1975, and the Ordinance was enacted into law on December 9, 1975.

Members appointed to initial terms by the Selectmen and their respective terms are as follows:

1.	Carl Denardo	3 year term	(Co Treasurer)
2.	David Seward	3 year term	
3.	Doris Trombetta	2 year term	(Co Treasurer)
4.	Nancy Burgess	2 year term	(Secretary)
5.	Jesse Billings III	1 year term	
6.	Tom Lord	1 year term	
7.	Donald Chioffi	1 year term	(Chairman)

The first work of the Commission was to see if it would be possible to prepare an application to the State by December 31, 1975 for BOR funds for major improvements to the Dewey Field in Rutland Town. These improvements, along with a swimming pool at the Barker property had been major items of discussion during the summer meetings.

Since major site survey work had to be accomplished at the Barker property there was no hope of applying by the deadline, and it was decided to proceed with the application for Dewey Field improvements until such site work at Barker could be done. With the help of an architectural firm (Northeast Environmental Design - NEED) who worked at no cost to the town, we were able to meet the December 31 deadline. We presently are under consideration for approval of a project of $48,000.00 The cost to the town for this project, if approved, would be $7,200 (the cost of toilet facilities alone as projected). This project includes 2 tennis courts, toilet facilities, water, a storage area, paved parking, and fencing and shrubbery.

Our cost of this project has been placed as a ballot item to be voted March 2. We sincerely hope that the people will support this valuable tangible asset to our town's recreation at only 15% of the total cost.

Our commission has also consolidated various recreation expenditures of last year into a proposed budget, herein submitted.

We sincerely hope that if you have any questions you will contact any of the members of the commission so that your voice may be heard in the planning of recreational opportunities for our community.

Respectfully submitted,

DONALD J. CHIOFFI

RUTLAND AREA VISITING NURSE ASSOCIATION, INC.

1975 Annual Report to the Town of Rutland

It is my pleasure as Director of the Rutland Area Visiting Nurse Association, Inc. to present our Annual Report for the fiscal year ending December 1975.

The health care demands continue to grow and our agency is always striving to provide the best possible care to people in their home. Health care cost has increased to a startling figure but our service is still one of the least expensive. It appears to be more satisfactory to the patient and family if the care can be provided at home. It has also proved to be cheaper to provide. Home Health services are now being recognized as a very important part of the Total Health Care.

Our program includes Skilled Nursing Care, Physical Therapy, Speech Therapy, Occupational Therapy and Homemaker-Home Health Aide service. We provide preventive clinics to senior citizens and coordinate with state Public Health on all Well Child Conference Clinics. We also contract with several schools in the County to provide school nursing. Pre-natal classes are conducted on a regular basis for expectant parents with follow-up care in the home for the newborn and mother when the need arises.

We continue to work closely with other community resources so as to bring continuity of care to all patients that we serve.

Starting in January 1976, we will have a new service available for our area population. We have started a dialysis team which will provide a dialysis helper to an individual that needs this service in his home. This program was created because of requests of need.

Total direct services into the home that have been provided to your town are as follows:

Skilled Nursing Care	263 visits
Physical Therapy	8 visits
Speech Therapy	0 visits
Occupational Therapy	0 visits
Homemaker-Home Health Aid	21 visits

The coordinating program with the hospital on discharge planning continues to grow. We are also trying to initiate a better coordinating system with the Extended Care Facilities in the area. This enables us to provide more continuity when patients are ready to go home. This seems to be well under way.

The evaluation visits to homes to determine need continues to grow with the physicians utilizing our staff to check problems of patients when they cannot make a home visit.

We are always happy to provide nursing staff for any event that requires skilled nursing for your town. Please feel free to call on us for your needs; this is what we are here for.

We are looking forward to another busy year continuing to serve the people of your town and striving for the best quality of health care.

Respectfully submitted, EVELYN MORGAN, R.N. Director

RUTLAND OPPORTUNITY COUNCIL, INC.

1975 Annual Report to the Town of Rutland

Rutland Opportunity Council's request for funds from the Town of Rutland is $750 for the coming year. We appreciated your support for our work during this past year.

The direct services we have provided to low-income and elderly residents in the Town of Rutland this past year include transportation, social service information, help with forms, counselling and personal needs. We were glad to be able to assist five residents with their fuel and winterization needs ($418). Now that our services and programs are becoming known we expect to locate more residents of Rutland Town who are in need of our services and programs. In the past six months we have worked with 29 families, providing 72 direct services. We were able to provide financial support for the Town's Summer Recreation Program ($238.50). Our field worker in the Rutland Town area, Diane Novak, is always ready to work on any family or community needs you might suggest. We were pleased to have the Board of Selectmen appoint JoAnn Adams as the Town's representative on our Board of Directors.

Sincerely,

ROBERT L. GREEN, JR.

ANNUAL REPORT OF THE RUTLAND TOWN BICENTENNIAL COMMITTEE

The Rutland Town Bicentennial Committee first met in Feb. 1975 to decide upon a project. The group was composed of Faye Smith, chairman and the following committee members:

Bertha Davidson	Leonard Johnson
Mary Baird	Ann Reilly
Donald Russell	Sherwin Williams
Donald Swan	Elrena Williams
Elizabeth Swan	William Sharp
Fred Gallipo	Lyn LeTourneau
Earl Smith	Anna Spencer

It was decided that we would direct our efforts towards publishing an historical booklet that would relate samples of stories told by townspeople. A search followed for stories, old photos and newspaper clippings. The Selectmen loaned us $100 to get the project underway. (Attached is a sheet listing in detail expenses incurred).

We coordinated some of our efforts with the Rutland Town Eelementary School. Lyn LeTourneau and Anna Spencer were the school representatives and lent considerable help with reproductions of old photos.

On May 6 '75 the fourth and fifth grade went to Center Rutland where they greeted Mike Canty, a member of the Castlton Ridgerunners as he took part in a reenactment of the run of Major Beach, a hero of the Revolution. We presented him with a tricorn hat with a sprig of hemlock.

The Bicentennial flag was presented to the community by Representaitve Harold Billings at the eighth grade graduation exercises.

We applied for a matching grant from the Vermont Bicentennial Commission for $1,000 dollars. The community would supply $1,000 more derived from the prepaid orders for books and hopefully the V.B.C. would match it. Using the selling point that the books would be published and issued in time for Christmas, we were able to secure 462 prepaid orders.

In October the V.B.C. notified us that the grant had been approved, but no date was given when we could expect the actual payment. Time was growing short, orders had not met the hoped for numbers and your chairman realizing that unless we met our promised date of publication and distribution the entire project might flounder, appealed to the Selectmen to advance additional funds to substitute temporarily for the delayed grant.

The original plan for 1000 books had been reduced to 800 in the hope of clearing money for postage and other costs. The Selectmen advanced $900 and requested that the original 1000 be printed. Upon calling the Garrows I found that the books were nearly complete, printed in accordance with the previously agreed upon 800. We were given an additional 60 free of charge.

During the last week of November, the books were distributed and mailed by the committee.

At the time of this writing, we have about 260 copies of the Rutland Town Bicentennial Sampler left.

They have been well received and seem to be thoroughly enjoyed by the townspeople.

The file of surplus material gathered for the book is stored in the Rutland Town School Library. We have tentative plans for an annual meeting when anyone wishing to contribute more material is invited to attend.

If the grant never materializes, the sale of the remaining books should nearly meet the cost of producing the book short of a little over $100 dollars. If the grant does come through there should be a good amount in the account for some other worthy Bicentennial project.

Respectfully submitted,

FAYE SMITH

Books are presently available for sale at my home, Hartford Bookshop and at Bertha Davidson's.
